### Integrated Functions

for N151 0101 0184 0003  
Full Hours only

With Transport Filter  
With Event Counter

No Timer  
No Service Alerts

### Transport Filter

During the first sec. after start of the engine it will check out if there is a constant frequency. Therefore the meter adds detecting sec. behind time to determine the real operating hours.  
Does not count when random vibration applies.

### Instruction

Activation: Keep the menu button pressed until the code number is replaced by 0000.0.  
Event counter: Hold down the menu button for 10 sec. The displayed number is the number of on / off events.
