Hour Meters

AC/DC Meters

- Design mini
 - w/o Mode button
- Design 2 Hole
 - with hidden Mode Button
- Design Round
- Design ultra Mini
- Design oval with Mode Button

Inductive Meters for Gas Engines

- only Hours
 - Design Mini
 - Design 2 Hole
 - Design round
 - Design NewGen
- Tach/Hour Meters
 - w/o Mode button
 - Design Mini
 - Design 2 Hole
 - Design round
 - Design NewGen
 - with Mode button
 - Design oval
 - Design NewGen

Rotation Shaft Meters for Diesel Engines and electric Motors

- Hours only
 - w/o Mode Button
 - with Mode Button
- Tach/Hour Meter
 - w/o Mode Button
 - with Mode Button

Vibration Meters

- W/O Transport Filter
 - high Frequency
- with Transport Filter
 - medium Frequency
 - low Frequency

Inductive

- only Tachometer
- Tachometer with Firing pattern mode
- Tachometer with Firing pattern mode and Jobtimer and Hour Meter
- Tachometer with Firing pattern mode, Jobtimer, Hour Meter and Flash alerts

Tachometers

Inductive

- 12 Volt
 - Design round
 - Design mini Snap-in
 - Design 2 hole
- 24 Volt
 - Design round
 - Design mini Snap-in
 - Design 2 hole
- 36 Volt
 - Design round
 - Design mini Snap-in
 - Design 2 hole
- 48 Volt
 - Design round
 - Design mini Snap-in
 - Design 2 hole

Battery LED Gauges

- 12 Volt
 - Design round
 - Design mini Snap-in
 - Design 2 hole
- 24 Volt
 - Design round
 - Design mini Snap-in
 - Design 2 hole
- 36 Volt
 - Design round
 - Design mini Snap-in
 - Design 2 hole
- 48 Volt
 - Design round
 - Design mini Snap-in
 - Design 2 hole

Multi Function Gauges

- Battery Fuel + Hour Meter**
 - with Battery shut down controller
 - w/o Battery shut down controller
- Liquid Fuel + Hour Meter**
- Volt Meter + Hour Meter**
 - with Battery shut down controller
 - w/o Battery shut down controller

Soft Start Clutch Controller

- Inductive for Gas Engines**
- For Diesel Engines and Electric Motors.**

PCB Modules

- resettable
- non resettable
